

the easy way to help your school

How easy? It's easy as ...

1

*go to [www.helpschools.net](http://www.helpschools.net)*

2

*In the school search box, enter the name of your school...*

3

*select the store you want to shop at from the list.*

*That's all there is to it!*

HelpSchools.net is the easiest, most cost effective way to raise money for your schools available today. With no selling, nothing to buy into, and no "sign up" required, it really is just as easy as picking the school you want to support.

### *What is it, then?*

HelpSchools.net is an online portal site - an online shopping mall. There are over 1,500 stores where you can shop, with the ability to search by store name, store type, or item desired.

### *We are unique. Unlike other, similar programs,*

-  we have given all the money we've made to the schools
-  your school doesn't have to buy into the program,
-  you don't have to register or pay any extra fees, and
-  the money that we send to your school is sent as a check - not as a gift card that can only be redeemed with the company who sent it.

The question that you may be asking now is, "*What's the catch?*" There is no catch. There are, however, two things you need to know to make this work for your school:

-  You have to use the site. For funds to be directed to your school you have to start at HelpSchools.net, and the more purchases you make through the site the more money your school gets.
-  The more people who use the site, the bigger the benefit to your school - tell people about HelpSchools.net! Try it and see how easy it is to use; invite your friends to try it as well.

We are confident that anyone making online purchases will find HelpSchools.net to be one of the most user-friendly sites online, with the best ability to positively impact our children's lives.
